

Multi-Handgun Report

Availability: All CompuPawn configurations.

Inputs Used: Determine reporting period (*Shift, Date*, etc.)

• *Start Out Date* = {Date}

• *End Out Date* = {Three days after above Date}

Example: This example shows a typical end-of-shift *Multi-Handgun Report* which lists all transactions involving handguns processed during the reporting period that meet your input criteria. This report generally runs automatically at the end of a shift if the proper conditions for generating this report are met.
